## I. Introduction

For greater clarity, this User Guide is divided into several parts, which are separate documents. This part describes information on accounts, statements and transaction history which are available through IB. Other information related to IB is stated in the other parts of the User Guide.

In the event that there are expressions, abbreviations or phrases beginning with capital letters used in the text of the User Guide, their meaning will be stated in the article titled Definition of Terms of the GBC and/or SBC. The meaning may be specified in the individual provisions of the GBC and/or SBC and/or this User Guide.

## II. Current Accounts

List of current accounts to which you have access through the IB will be displayed automatically after logging into the IB. List of current accounts is also available in the **Accounts** menu – by clicking on the number of the selected account, you can view the details.

Account Type	Account Number	Account Name	Currency	Book Balance	Disposable Balance
Current account	30009	BÚ TESTOVACÍ KLIENT S.R.O.	CZK	9.467.377,43	9.451.918,13
Current account	40004	BÚC TESTOVACÍ KLIENT S.R.O.	EUR	15.222.137,47	15.223.073,47

Click **Back** to return from the account detail to the account overview. Use the **Accounted Transactions** and **Today's Turnovers** buttons to see transactions on the given account (see point [IV.](#)). You can also print out the account details – to use this option click on **Print**.

### III. Current account statements

Statements for all accounts connected to IB are available in IB, generated according to the parameters set in the framework agreement or in the current account agreement. In IB, there are available statements from year 2010 or from the date of connection to IB account if the account was connected to IB later. Statements for accounts of the earlier period are not available by default in IB, but you can get them through Customer Service request.

After choosing **Statements**, a filter will appear to enter the statement display parameters – automatically present selection for all accounts for the past month. You can change these parameters. After you enter the criteria to view listings click on the **View** button.

### C. Card transaction blocking

In the option **Card Transaction Blocking** you can display transactions performed by the payment cards that have not been cleared yet.

A transactions performed on all payment cards automatically appears (transactions are ordered by the date of entry regardless of the payment card on which they were made). If no transaction from payment cards is blocked, the list is empty.

If you require a different view of card transaction blocking (for example for selected payment card only), click on the **Filter** button in the upper right-hand corner of the screen.

To display transactions, simply enter or select at least one of the criteria:

Field	Description
Card number	You can leave all the payment cards or select one of them.
Period	Automatically pre-set for <b>Last month</b> . Options: <ul style="list-style-type: none"> <li>• Yesterday - shows transactions performed on the previous Business Day;</li> <li>• Last week – shows transactions performed in the last calendar week;</li> <li>• Actual month – shows transactions performed in the current calendar month;</li> <li>• Last month – shows transaction performed in the past month (e.g. from 19 April 2012 to 19 May 2012);</li> </ul> Choose period – here you can enter a different period for which you wish to display performed transactions; transactions performed in the given period will be displayed.
Date from – to	You can specify the period for which you want to see performed transactions; displays the transactions performed in the specified period.
Amount from - to	Here you can enter the minimal transaction amount (enter only <b>Amount from</b> ), maximal transaction amount (enter only <b>Amount To</b> ) or the range of transaction amounts (enter both fields).

You can delete all the entered details by clicking on **Delete** or you can click on **Back** to return to the homepage of the **Card Transaction Blocking**. After entering the required criteria, click on **Display**.

The system will first summarise the entered criteria for the filter and then display all the transactions that fulfil the entered criteria. These transactions cannot be exported.
